

## IDAHO FALLS NOW ON UPWARD PATH

Great Growth of Thriving Little  
City Is Evidence of Abundant  
Prosperity.

### METROPOLIS OF REGION RICH IN VARIED RESOURCES

Ideal Location for the Ranch-  
man and Farmer: "Bumper"  
Crops This Year.

BY C. E. ARNEY.  
Special to The Tribune.  
IDAHO FALLS, Ida., Oct. 5.—If Jim Holmes, Willis G. Emerson, T. W. Lee and Barney McCaffrey, the chief boomers of Idaho Falls—the men who came here in 1889 and in 1890 and changed its name from "Eagle Rock" to "Idaho Falls"—could sail over the city today in an airplane, they could justly and with entire righteousness say to the people who doubtfully derided their statements about the future possibilities of this country at that early day: "Sing forth in unison, these over-enthusiastic and headstrong words, 'I told you so.'"

BROADWAY, LOOKING WEST, IDAHO FALLS, IDA.

"Old Eagle Rock," in 1881, and it was a thriving shop and railroad town for six years thereafter, its real beginning came with the change of its name, three years after the shops were moved to Pocatello.

Has Faced Despair.  
Probably few such glooms ever over-  
cast a community as did this one, when  
in August of 1887 the Short Line be-  
gan the tearing down of its shops here  
to move them to the Gate City, fifty-  
two miles down the line. Discouragement  
and despair were almost universal.  
Pessimism possessed the souls of the  
people for the surrounding dry sage

## ECZEMA VICTIM GAVE UP HOPE

After Suffering a Year with Raw,  
Watery Humor on Hands and Face  
Prescriptions Did Not Do a  
Bit of Good—Scratched Till Blood  
Came and Had to Quit Work.

### COMPLETELY CURED BY CUTICURA REMEDIES

"I suffered with eczema for one year  
and had two of the best doctors in  
town. I used their medicine but it  
did not help me. First of all there were  
small white pimples on my left hand  
and arm. I had to scratch until the  
blood came. Then they would puff up  
and water would run out. Whenever this  
water would run there would be more  
pimples until my whole left hand was a  
mass of sores. Then my other hand  
became affected and they were like a  
piece of raw meat. Then it came on my  
face, neck and under my right arm so  
that I was unable to raise my arm for  
two weeks. It became so bad that I was  
obliged to give up work. About four months  
ago I started to doctor and the doctor told  
me it was eczema. He told me to get  
ointment and soap. I used them for a  
month and they didn't do me one bit of  
good so I tried another doctor. He gave me  
three different kinds of medicine, but I  
wasn't getting any better. When these  
remedies did not help me, I was unable to  
sleep at night and I gave up all hope until I  
decided to try the Cuticura Remedies. I used  
two cakes of Cuticura Soap, two boxes of  
Cuticura Ointment and three bottles of  
Cuticura Resolvent and I am glad to say I  
am cured. Miss Nora Shultz, 243 North  
Third St., Reading, Pa., Jan. 4 and 7, 1909."

**Hair Growth**  
Promoted by shampooing  
with Cuticura Soap and  
light dressings of Cuti-  
cure. This treatment al-  
ways itching and irritation, destroys hair  
parasites, cleanses, purifies and beauti-  
fies and tends to make the hair grow  
upon a clean, healthy scalp.

1910  
**VELIE**  
AUTOMOBILES

brush, which stood like tall "oaks of  
the desert," which they were, the  
prevailing notion on that early day was  
that the upper valley of the Snake was  
suited only to the grazing of cattle,  
large herds of which occupied the then  
public domain.

When Henry W. Kiefer, now regis-  
ter of the United States land office  
at Blackfoot, planted his first orchard  
on Willow Creek, ten miles above this  
city, and built a small cabin, he was  
not at all discouraged by the possibility  
of his trees living, possessed  
the minds of nearly all of the people  
who talked of his venture freely.

When the census-taker of 1890 fin-  
ished his task of counting the new  
citizens and children in Idaho Falls  
on the last days of June of that cen-  
sus year, he had on his sheets 492  
names.

It is entirely fair to estimate the  
population of Idaho Falls today at 7000.  
It is equally safe to state that within  
a radius of twenty miles there are now  
ten other towns as large today as Idaho  
Falls was at that early date.

Has Steady Growth.  
The progress of this city and the ad-  
jacent country about it has been slow,  
steady and of the highest order of per-  
manency. No boom, just gradual,  
wholesome growth of a country whose  
soil and water have won for it a sub-  
stantially worthy of the high class of  
men and women who, for the most part,  
have come here from eastern states.

Idaho Falls is the commercial center  
of an empire of agricultural land, wa-  
tered from the great Snake river, the  
great dam in this stream at the point  
where it leaves the foothills—twenty-  
five miles above here—distributing an  
adequate flow to the several large  
irrigation canals and their way down  
through the fertile valley to the base  
of the line some twelve miles below this  
city.

This great feeder has been a source  
of pride to the water users of the ir-  
rigated district since its construction  
at this city, and it is generally all trouble  
previous to its installation, as to the

just distribution of water for the sev-  
eral canals. The great feeder was de-  
signed, and the plan of distribution  
worked out, by that great and good  
man, Joseph A. Clark, now deceased, a  
civil engineer by profession and a man  
of character. Without the mention of  
his name in relation to the irrigation  
of the upper Snake River valley, a  
writing of the early history of it would  
be incomplete.

The present has been a profitable  
year for the ranchman of the vicin-  
ity of Idaho Falls. There has been a  
"bumper" crop of hay, grain and po-  
tatoes. This is an ideal locality for the  
potato. Last season there were 1200  
cars of the tubers shipped from the  
Idaho Falls station and the careful es-  
timators of the crop predict that 1800  
cars will be shipped from here this  
season. The quality is said to be of  
the very best this year. Joseph Taylor,  
the potato king, living four miles from  
this city, shipped 120 carloads of his  
own raising last season.

The Greeley, Colo., potato growers  
have bought extensively from the Idaho  
Falls market to supply their trade with  
this product and have reshipped them  
from that well-advertised potato center  
as "Greeley potatoes." This robbing  
Idaho of the credit of this prime pro-  
duction. Plans have been made to cor-  
rect this practice in the future.

## AN ITCHING PALM.

No Cure for It. Other Forms of Itch-  
ing Preferable.

There is no cure for an itching palm  
—the money kind. Even psoriasis, the  
new skin discovery, cannot help it. But  
when it comes to eczema, the most an-  
noying of itching skin troubles, pos-  
sibly will stop the itching at once and  
cure the worst cases in a few days. So  
with hives, rash, scabies, split toes,  
piles, and scaly scalp, all of which are  
different forms of eczema, accompanied  
by severe itching and caused by imper-  
fect digestion and careless diet.

Psoriasis comes in two-dollar jars, but  
fifty cents' worth will answer in curing  
any of the diseases mentioned. It can  
be had of any druggist or from E. J. Hill  
Drug Co., makes a specialty of it.

That results are immediate will be  
simply demonstrated overnight by the  
use of the experimental sample which  
the Emergency Laboratories, 32 West  
Twenty-fifth street, New York City,  
will send free by mail, in plain wrapper,  
to any one who will write for it.

ent bridge which spans the river to  
the city. Plans are complete for ex-  
tensive yards and new concrete freight  
depots and warehouses, and one of the  
most extensive parking systems on the  
great lines in Idaho. The city council  
has abandoned several streets for the  
convenience of this proposed improve-  
ment, and viaducts of the most im-  
proved construction are planned for the  
convenience and safety of the public.

This extraordinary plan of improvement  
is viewed from different standpoints  
by those most vitally interested in the  
future growth and development of Idaho  
Falls, yet but one conclusion can be  
reached, and that is that unusual de-  
velopments of more than ordinary por-  
tions to present and future business  
attending railroads is soon to obtain in  
this city.

## EDWARD P. COLTMAN, MAYOR AND BUSINESS MAN OF IDAHO FALLS

Special to The Tribune.

IDAHO FALLS, Ida., Oct. 5.—Edward  
P. Coltmán was born at Beaver Falls,  
Pa. He graduated from the high school  
of that city and took up telegraphy.

In 1888 he came to Idaho, locating with  
the Western Union as telegrapher at  
Glenn's Ferry. He was soon transferred  
to Beaver Canyon and made station  
agent. In 1889 he was transferred as  
agent to Idaho Falls, where he left the  
service of the company and entered the  
lumber business, in which he has en-  
gaged constantly since and at which he  
has been eminently successful.

In politics Mr. Coltmán is and has al-  
ways been a Democrat. He served as  
postmaster at Idaho Falls under Cleve-  
land's last term, and was later elected  
sheriff of Blaine county. In 1905 he  
was defeated for county assessor and in  
1902 for state treasurer.

In 1904 he was elected mayor of Idaho  
Falls and re-elected in 1905; defeated in  
1907 by five votes and re-elected last  
spring by a large majority.

## ONE DOSE ENDS INDIGESTION, GAS, HEARTBURN OR STOMACH HEADACHE.

Relief in Five Minutes Awaits  
Every Man or Woman Who  
Suffers From a Bad  
Stomach.

Why not get some now—this moment,  
and forever rid yourself of Stomach  
trouble and Indigestion? A dieted  
stomach gets the blues and grumbles.  
Give it a good cat, then take Pape's  
Diapiesin to start the digestive juices  
working. There will be no dyspepsia or  
belching of Gas or eructations of undig-  
ested food; no feeling like a lump of  
lead in the stomach or heartburn, sick  
headache and Dizziness, and your food  
will not ferment and poison your breath  
with nauseous odors.

Pape's Diapiesin costs only 50 cents  
for a large case at any drug store here,  
and will relieve the most obstinate case  
of Indigestion and Upset Stomach in  
five minutes.

HON. E. P. COLTMAN,  
Mayor of Idaho Falls.

University Notes  
All classes at the state university have  
been suspended this afternoon, in order  
that the students may visit the state  
fair. Great preparations have been made  
for a big display of work being done at  
the university. The complete exhibit will  
be ready this morning.

At a regular meeting of the "Scrib-  
blers" held Tuesday afternoon, Hugo An-  
derson and Ben Howells were received  
as new members.

The sophomores met Tuesday, and as a  
token of sympathy with Robert Dalgleish,  
one of their number, they resolved to  
send him a floral decoration. Dalgleish  
has been called home on account of the  
death of his father.

A special train has been arranged for  
by the athletic manager at the university  
for the excursion to Loomis on Saturday.  
A rate of \$2.50 has been obtained, and  
a great body of the university students  
will accompany the train.
